

MycoApply® All Purpose Soluble

MycoApply® All Purpose Soluble is a soil drench for porous soil and contains 9 carefully selected Endo and Ecto mycorrhizal fungi, high quality organic fertilizer and kelp well-suited to a variety of soils, climates and plants. MycoApply® All Purpose Soluble contains 9 specially selected top performing mycorrhizal fungi that colonize plant roots and extend the root system into the surrounding soil greatly enhancing the absorptive surface area of root systems, forming an essential link between plant and soil and producing seedlings of the highest quality. The plant enjoys improved nutrient and water uptake and superior field performance.

The MycoApply® Difference

Reduces

- Drought stress
- Water inputs
- Transplant shock
- Nutrient loss

Increases

- Yields
- Fruiting & flowering
- Survivability

Promotes

- Rooting
- Nutrient uptake
- Self sufficient plants

Directions

Industry	Rates: The goal is to create physical contact between the inoculant and seed/root
Existing landscape trees and shrubs	Mix 1 lb. bag in 200 gallons of water or use spray pattern for deep root feeding. Inject 1/2 gallon per hole 2-5 times a year. Plant performance improves with every application. Since water is the carrier more concentrated solutions can be made for stressed plants.
B&B plantings	Mix 1 lb. bag in 200 gallons of water. Spray or pour on the root balls until saturated just before backfilling.
Turf and Nursery	Mix 1 lb. bag in 200 gallons of water. Use as soil drench in porous media. Each pound treats 2000 square ft. of turf. Each pound treats 2000 square ft. nursery area for small plants or 4000 square feet of nursery area for plants 1 gallon size or larger. Use 2-5 times a year. May be mixed with spray equipment that allows passage of No. 70 screen (212 microns) or larger particles.

Ingredients

Ingredient	Amount
Endo's	Glomus intraradices, G. mosseae, G. aggregatum, G. etunicatum: 10,000 prop./lb. each
Ecto's	Rhizopogon villosullus, R. luteolus, R. amylopogon, R. fulvigleba (2.5 million prop./lb. each), Pisolithus tinctorius (200 million prop./lb.)
Other	High Quality Slow Release Organic Fertilizer 4-0-6 and Kelp
